

Assignment 9

1. Use `map()` and `lambda` to double all numbers in this list: `[1, 2, 3, 4, 5]`.
2. Use `map()` and `lambda` to convert this list of strings to uppercase: `["apple", "banana", "cherry"]`.
3. Write a recursive function to find the factorial of a number and trace the output in a copy as well.
4. Write a recursive function to find the length of a string and trace the output as well.
